Training Today for a Successful Tomorrow

ABOUT MISSOURI VOCATIONAL ENTERPRISES

Missouri Vocational Enterprises (MVE) is the adult offender work/training program of the Division of Rehabilitative Services within the Missouri Department of Corrections. The correctional industries program was established by the state legislature in 1955.

Few realize that it took over 150 years to develop that complex sentence into a current reality. Evolution takes time, and we are still evolving, learning, and growing — both our Department and our programs. It took a lengthy amount of time for society to realize that true rehabilitation involves redirection and training to provide an opportunity for success for incarcerated individuals.

In Missouri, the use of inmate labor has been in existence since the original prison opened its doors in 1836. The initial prison population consisted of 15 prisoners, one guard, a warden, and a foreman that supervised a brick-making operation. Proponents of the prison system of that time believed that the experience of incarceration would rehabilitate individuals through hard labor, and the threat of hard labor would deter crime. However, time would reveal the flaws in this reasoning.

According to an April 2011 report by the Pew Center on the States, the average national

recidivism rate for released prisoners is 43%. Recidivism has been a major problem facing correctional programs. But here's the good news: statistics also show that if an offender can find and keep a job within the first year of being released, that individual has a much greater chance of successfully assimilating into society as a productive citizen.

Over time, effective programs have been developed which train, educate, and help develop work skills for offenders so that upon release they have the basic skills needed to acquire and keep a full-time job.

Our Mission Statement:
***Training Today
for a Successful
Tomorrow***

Today, MVE employs approximately 1,600(+/-) adult offenders in our Correctional Industries program. We operate 21 industries in 12 institutions throughout the state where offenders receive training in essential job skills to prepare them for release.

MVE takes pride in our program and the products we offer. However, our greatest achievement is a successful offender that returns to society as a productive citizen, thus making our communities that much safer for you and your family. At MVE, we are doing our part in improving lives for safer communities.

MISSION

Training Today for a Successful Tomorrow.

VISION

MVE is driven by the success of the individuals that were once incarcerated within the Department of Corrections and were able to receive meaningful employment upon release.

Our unique program is tailored to offenders to help them acquire vocational skills and job skill education. MVE's success isn't just about the high quality of the products that are created, but it's about the people who make those products! We believe in service and see the value in Missouri's offender population.

ABOUT INDUSTRIES

Missouri Vocational Enterprises (MVE) is a program of the Division of Offender Rehabilitative Services within the Missouri Department of Corrections. Established by State Statute (RSMo 217.550) to create meaningful job training for incarcerated offenders. MVE utilizes offender skills, along with supervisors and administrative staff, to provide quality products and services to state agencies, other not-for-profit entities, and current and retired state team members.

MVE is a unique business that operates on a working capital revolving fund and does not receive any tax dollars from the general revenue.

The objective of Missouri Vocational Enterprises is to develop personal responsibility in offenders through the development of diverse training programs. This enhances

their employability and opportunity for success while incarcerated and upon release.

MVE is responsible for 21 different industries and services located in 12 correctional institutions throughout the state of Missouri. Since its beginning over 50 years ago, the program has been revised, expanded, and re-evaluated to continue implementing improvements. MVE takes great pride in producing a wide variety of quality products and services. However, MVE's most important goal is a successful offender that returns to society and is able to gain meaningful employment due to the training that was received while incarcerated.

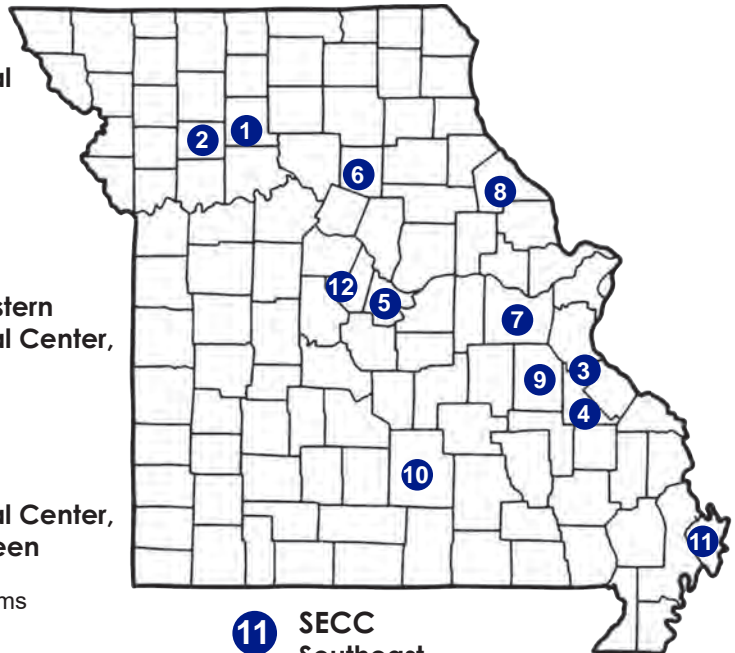

When you purchase from MVE, you become a partner in this vital program. Your support is critical to the continued success and progress of MVE. Together, we are changing lives though training today for a successful tomorrow.

Missouri Vocational Enterprises provides work assignment opportunities for approximately 1,500 incarcerated adults annually.

STATE AGENCIES

Missouri state agencies may save time and money by purchasing products from MVE through their participation in state government programs. To place an order, you can download an agency order form from our website, submit your request through MOVERS, or call 1.800.392.8486 to speak directly with a member of our MVE Sales Team.

TERMS + CONDITIONS

CANCELLATIONS + CHANGES

Cancellations and changes must be brought to the attention of the MVE Order Entry Team in a prompt manner. Please call 1.800.392.8486 to speak with a team member.

MVE RETURN / RESTOCKING POLICY

MVE does not accept returns on items that (1) have been unpacked and used, and (2) items manufactured according to customer specifications (custom work). If there is a problem with an item, we will repair or replace the item in accordance with our warranty stated on page 6. Special circumstances will be considered.

Returned catalog items are subject to a 20% restocking charge. If permitted, return of specially manufactured (custom orders) items are subject to a charge of 50% of the purchase price. Returns that total \$3,000.00 or more will require MVE Administration approval. Printed materials and forms are not returnable unless there is a production or material flaw.

Merchandise Return Authorization (MRA) is required for all returns. Please call MVE Customer Service at 800.392.8486, to obtain a Merchandise Return Authorization (MRA) before returning any item. This form can also be located on our website.

INSTALLATION FEES

If installation is needed, contact the MVE Sales Manager for availability and quote prior to ordering. Installation/set-up fee is \$100 per hour (one hour minimum.)

DISCLAIMER

MVE strives to keep pricing as low as possible on our products and services. However, the price fluctuations of raw materials may necessitate a price increase in some of our products. Please visit us online for up-to-date pricing at www.MVE.mo.gov.

This catalog is intended solely for the purpose of providing our customers convenient access to general products and services information. MVE makes no warranty, guarantee or promise, expressed or implied concerning the content of this catalog.

MVE assumes no responsibility for errors, omissions or other discrepancies that may be found herein.

MVE Product Warranty Statement*

Missouri Vocational Enterprises is proud of the quality products and services we provide. We have confidence in our product line and stand behind every item accordingly. Due to the vast scope of products we provide, a blanket warranty statement is ineffectual. The following details are provided for your information:

(1) **Unless stated otherwise, MVE provides a 5-year warranty on most items¹.** This warranty covers materials and workmanship for the original owner. If our product fails within five years due to a manufacturing or material defect, we will repair or replace it at our option without charge. Items or components of items that are not produced by MVE will be subject to the manufacturer's warranty.

¹Clothing, consumables, paper and print, and similar items are warranted for material defects and workmanship for a limited time.

(2) **Items that are no longer under warranty and in need of repair,** can be repaired for the cost of materials and labor. Since normal wear and tear is expected, reasonable repair costs should be anticipated.

(3) **Items that are exposed to extreme conditions,** including weather and fire, are not warranted against the results of such exposure. This includes, but is not limited to, the following items: flags and flag poles, barbecue grills, fire pits and fire rings, outdoor furniture and any products purchased for outdoor use. Deterioration of painted surfaces and fabric are to be expected on these items. Any warranty claims for these items will be considered on an individual basis.

***IMPROPER USE, ABUSE, OR NEGLIGENCE WILL VOID THE WARRANTY
MVE will determine if improper use, abuse, or neglect is evident.**

PRICES

Please be certain to check the price list carefully for the proper size and color. Price quotations are F.O.B. destination. Due to fluctuating material costs, all catalog prices are subject to change without notice. However, no orders will be shipped at the higher price without prior approval from the customer.

SPECIAL PRODUCTS AND QUOTES

Custom products and services are available from Missouri Vocational Enterprises. Any variations in standard products will be considered, and our decision will be based on delivery date, quantity, specifications, etc. Delivery will be contingent upon production schedules and availability of raw materials.

CONSULTING SERVICES

A Product Design Engineer is available to visit all entities to assist in adapting MVE products to the needs of your organization. They will discuss, analyze, and design product specifications, especially for those unique areas that require a more focused solution.

Questions? Call 1.800.392.8486.

IDEA REQUEST

If you have an idea for a new product, then please contact MVE Marketing at 573.522.2928.

PAYMENT

After receiving your goods, you will receive an invoice. Terms of the invoice are NET 30 days. Please remit payment promptly, and be sure to include your vendor invoice number with payment.

EMPLOYEE SALES: Payment must be made before items are received. Items will not be delivered and must be picked up at Employee Store. Shipping is available for items to DOC institution with MVE factory.

CREDIT CARD ORDERS

Per Chapter 37, Section 37.007, of the Missouri Revised Statutes, a convenience fee (2% of total then an additional \$.25) will be charged to all customers who wish to pay by credit card. The convenience fee will be retained by a third party vendor, Collector Solutions, Inc., not Missouri Vocational Enterprises.

If paying by credit card, please contact MVE (573.751.6663 or 1.800.392.8486) before ordering.

CANCELLATIONS

Cancellations must be received by our Sales Department at least 48 hours in advance of delivery. Late cancellations will be subject to a 10% charge. Cancellations of special order products are subject to a higher charge.

SHIPPING INFORMATION

All orders may be subject to delay due to causes beyond the control of MVE.

MVE DELIVERY POLICY

Due to increased costs associated with shipping and delivery, Missouri Vocational Enterprises (MVE) has implemented a new freight policy, effective 3.1.2023.

STREET MARKER SIGNS - HIGH INTENSITY PRISMATIC SHEETING

Please refer to chart on next page to determine an estimated size of sign needed.

New nationwide standards require street name signs to be high intensity prismatic with a upper/lowercase legend. The new standards also require that the only alternative to the Green background is Blue, Brown or White. A Black legend shall be used if the background is White, otherwise the legend color shall be White. These new laws governing street names have to be completed by the year 2018 so engineer grade signs can still be purchased but will not meet the new standards in 2018. New standards regarding sign height: On roads 25 mph or less, a 6" sign with 4" lettering can be used. On roads with a speed limit of greater than 25 mph, a 9" sign with 6" lettering is required.

PREMIUM PROTECTIVE (ANTI-GRAFFITI) OVERLAMINATE FILM

3M™ Premium Protective Overlay Film Series 1160 is designed as a high performance protective transparent overlay for use on signs made from 3M Traffic Safety and Security Division sheetings, films, and images. Series 1160 has been specifically developed for use over signs made from 3M™ Diamond Grade™ and High Intensity Prismatic Sheeting, and 3M's system of matched components, and is recommended for use with these materials.

Many types of defacement from vandalism can be cleaned from this film to substantially restore performance and appearance of the overlaid sign.

SAFETY WARNING FOR BUNK BEDS

- Always use the recommended size mattress or mattress support, or both, to help prevent the likelihood of entrapment or falls.
- Surface of mattress must be at least 5 inches (127 mm) below the upper edge of guardrails.
- Do not allow persons under 6 years of age to use the upper bunk.
- Persons over 220 lbs. should use the lower bunk.
- Prohibit more than one person on the upper bunk.
- Periodically, check and ensure that the guardrail, ladder, and other components are in their proper position, free from damage, and that all connectors are tight.
- Do not allow horseplay on or under the bed and prohibit jumping on the bed.
- Do not use substitute parts. Contact MVE for replacement parts.
- Use of a nightlight may provide added safety precaution for a person using the upper bunk.
- Always use guardrails on both long sides of the upper bunk. If bunk bed will be placed next to the wall, the guardrail that runs the full length of the bed should be placed against the wall to prevent entrapment between the bed and wall.
- The use of water or sleep flotation mattresses is prohibited.
- Keep these instructions for future reference.
- **STRANGULATION HAZARD**—Never attach or hang items to any part of the bunk bed that are not designed for use with the bed; for example, but not limited to, hooks, belts, and jump ropes.

BRASS COLORS

See page 88 for engraving fonts.

ROTARY FONTS

Our standard rotary fonts are used in a traditional engraving method where a rotating cutting tool physically carves letters or designs into a material like metal, plastic or wood. Unlike laser engraving, which burns or vaporizes the surface, rotary engraving cuts into the material. They are often standardized to ensure consistency.

LASER ENGRAVED FONTS

Our standard laser engraved fonts are permanently etched onto a surface using a high-powered laser beam. Unlike printing or painting, laser engraving physically removes a thin layer of the material, such as wood, metal, acrylic, or glass, to create a clean, permanent mark.

LIQUID DEICER & ANTI-ICER

Has been tested and proven to be effective to -25^o F. It is ready to use and requires no mixing or diluting. Liquid Deicer is unique to the market because it has a high percentage of calcium chloride and incorporates unique corrosion inhibitors with a natural fertilizer. Apply Liquid Deicer before a storm hits and it will provide up to 48 hours of residual activity. It will not allow the ice and snow to bond to the concrete and asphalt. This makes cleanup and removal of tough ice and snow FAST!

It is perfect for sidewalks, steps, loading docks, ramps, doorways, parking lots, walking platforms, etc... Eliminates the unsightly mess and residue that granular products leave behind. This formula is ready to use and is non-toxic, non-flammable and non-corrosive. Use Liquid Deicer before or after a storm for unbelievable results! Ideal for Hospitals, Nursing Homes, Schools, Clinics, Commercial Buildings, Railroads, Restaurants, Hotels, Churches, Government and anybody with sidewalks and public entry ways. Calcium Chloride 28%, Magnesium Chloride 3.5 %, Sodium Chloride 1.5% and Urea 2%.

This formula is ready to use - DO NOT MIX WITH WATER.

One gallon will cover approx. 900-1,000 sq. ft.

Best if used by 2 years from production date.

MISSOURI VOCATIONAL ENTERPRISES GOVERNING STATUTE

Missouri Revised Statutes

Chapter 217

Department of Corrections

Sections 217.575 & 217.580

Effective August 28, 2014

217.575. Sales of goods or services to state or political subdivisions—promotion—price—certification of non availability required for state purchases, when.—

1. All goods manufactured, services provided or produce of the vocational enterprises program of the state shall, upon the requisition of the proper official, be furnished to the state, to any public institution owned, managed or controlled by the state, or to any private entity that is leasing space to any agency of the state government for use in space leased to the state agency, at such prices as shall be determined as provided in subsection 4 of this section.

2. No goods or services so manufactured, provided or produced shall be purchased from any other source for the state or public institutions of the state unless the department shall certify the goods or services included in the requisition cannot be furnished or supplied by the vocational enterprises program within ninety days, or, in the event the same goods or services cannot be procured on the open market within ninety days, that the vocational enterprises program cannot supply them within a reasonable time. No claims for the payment of such goods or services shall be audited or paid without this certificate. One copy each of the requisition or certificate shall be retained by the department.

3. The division of purchasing and the division of design and construction shall cooperate with the department in seeking to promote for use by state agencies and in state-owned or -occupied facilities the products manufactured and services provided by the vocational enterprises program.

4. The vocational enterprises program shall fix and determine the prices at which goods and produce so manufactured and produced and services so provided shall be furnished, and the prices shall be uniform to all. The cost shall not be fixed at more than the market price for like goods and services.

5. Any differences between the vocational enterprises program and the state, its departments, divisions, agencies, institutions, or the political subdivisions of the state as to style, design, price or quality of goods shall be submitted to arbitrators whose decision shall

be final. One of the arbitrators shall be named by the program, one by the office, department, political subdivision or institution concerned, and one by agreement of the other two. The arbitrators shall receive no compensation; however, their necessary expenses shall be paid by the office, department, political subdivision or institution against which the award is given, or, in the event of a compromise decision, by both parties, the amount to be paid by each party in portions to be determined by the arbitrators.

6. The vocational enterprises program may sell office systems and furniture to any department, agency, or institution of the state or any political subdivision of the state either through outright purchase or through payment plan agreement, including handling charges, over a specified number of months contingent on the solvency of the working capital revolving fund. Prior approval shall be required by the division of design and construction for state agencies in situations where the office of administration controlled state-owned office space is involved and space in which a lease contract executed by the office of administration is in effect.

(L. 1982 H.B. 1196 § 101, A.L. 1989 H.B. 408, A.L. 1994 S.B. 763, A.L. 2014 H.B. 1299 Revision)

Effective August 28, 1994

217.580. Catalog of products furnished public officers—institutions to report estimates of needs.—

1. The department shall develop a program to promote the products and services available from the vocational enterprises program.

2. Once every year, the vocational enterprises program shall issue a descriptive list of the styles, designs, qualities and types of goods, materials or services available for the ensuing year.

3. On July first of each year the proper officers of the state and of the divisions, agencies and institutions and political subdivisions of the state shall report to the vocational enterprises program estimates for the ensuing year of the amount of supplies of different kinds or the types of services required to be purchased by them that can or may be furnished by the vocational enterprises program.

(L. 1982 H.B. 1196 § 102, A.L. 1989 H.B. 408, A.L. 1994 S.B. 763)
